DECLARATION OF INDEPENDENCE

SENATE JUDICIARY

EXHIBIT NO. 21

DATE 2/11/09

BILL NO. SB 46 SB 46

The unanimous Declaration of the thirteen united States of America,

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, --

February 1997 - National Prayer Breakfast in Washington attended by the President and the First Lady. "What is taking place in America," she said, "is a war against the child. And if we accept that the mother can kill her own child, how can we tell other people not to kill one another." "Any country that accepts abortion, is not teaching its people to love, but to use any violence to get what it wants." "It is a poverty to decide that a child must die so that you may live as you wish." **Mother Teresa**

Dwight D. Eisenhower

The prospect of domination of the nation's scholars by Federal employment, project allocations, and the power of money is ever present and is gravely to be regarded. Yet, in holding scientific research and discovery in respect, as we should, we must also be alert to the equal and opposite danger that public policy could itself become the captive of a scientific technological elite.

Margret Sanger founder of Planned Parenthood

On the right of married couples to bear children:

Couples should be required to submit applications to have a child, she wrote in her "Plan for Peace." Birth Control Review, April 1932

"The most merciful thing that a large family does to one of its infant members is to kill it."
Margaret Sanger, Women and the New Race
(Eugenics Publ. Co., 1920, 1923)

Planned Parenthood on Pregnancy:

PP has an unhealthy concept of pregnancy, as it views the state of gestation as an abnormal condition or disease. Speaking for the organization, Dr. Warren Hern refers to human pregnancy as "an episodic, moderately extended chronic condition ... May be defined as an illness ... Treated by evacuation of the uterine contents..." ("Is Pregnancy Really Normal?" Family Planning Perspective, Planned Parenthood, vol. 3, No. 1, Jan. 1971, pg. 9)

PLANNED PARENTHOOD TODAY

"We are not going to be an organization promoting celibacy or chastity."

Faye Wattleton, President, Planned Parenthood Federation of America, Los Angeles Times, Oct. 17, 1986

"If your parents are stupid enough to deny you access to birth control, and you are under 18, you can get it on your own. Call Planned Parenthood."

Planned Parenthood advertisement, Dallas Observer, Jan. 30, 1986

On the following page is the Georgia Guide Stones outside of Atlanta with the new 10 Commandments. The first one is to maintain a population of 1/2 Billion people on the planet. So who is going and who is making the decision?
